

LED Solar Street Light 150W and 250W

Introduction: Geric Holdings Led lighting

Item	Value
Lamp Material	PC Lamp Body
Lithium Iron Phosphate	3.2V 1 8000mA
Power (Watt)	150
Solar Panel	6V 18W Polysilicon
Color	White light
Size	42*12.5cm
Certifications	CE,RoHS compliant
International Protection	IP65
5-8 meters sensing distance.	* The lifespan will change according to the working temperature and working hours per day Geric Holdings reserves the right to improve the design details and materials as necessary.
