

## LED Flood Light 10W

**LED projection** light is applied with LED or COB (Chips on Board). It has a big beam angle, good light consistency, with die-casting fixture, IP65 which can guarantee outdoor working. It can perfectly replace traditional High Pressure Sodium Lamp (HPSL) and High Pressure Mercury Lamp (HQL), with an evident energy saving efficiency. The input voltage of 100~240V is widely suitable for the application in most countries.

#### Application:

- ✦ Replace traditional High Pressure Sodium lamp or Metal Halide Lamp.
- ✦ Widely used for advertising billboard, exterior wall of hotels and related landscape lighting.

#### Features:

- ✦ COB (Chips on Board) LED, which ensures more uniform light and higher light efficiency.
- ✦ Input AC to DC constant current driver. There is no need for outer ballast, more safety.
- ✦ Comply with ROHS, no mercury or any other harmful substance.

#### Parameters:

Model No.	TL018-WH-10w-SBR (White)	TL018-WH-10w-SBR (Warm White)	TL018-WH-10w-SBR (Nature White)
Color temperature	6000±500K	3000±200K	4000±250K
Luminous Flux	1000LM	1000LM	1000LM
Input voltage	AC100-240V,50/60Hz		
Power Factor (PF)	>0.95		
Total power	10W		
CRI (Color Rendering Index)	>70	>75	>70
Size	L115xW90xH85mm		
Lifespan	30000H		
Warranty	3 years
